

## Curriculum Corner

Check out some of the latest activities and lessons taking place in our classrooms! Our students are exploring textures and patterns, learning about nature and numbers, and developing their fine motor skills with fun art activities.

This amazing sensory activity gave students the opportunity to explore and identify different textures!

Our preschool students are in the midst of their Tree Study! Above is one of the books they read to learn about trees and counting.

Students at our Fort Washington center used glue and paper to create their own caterpillars! Activities like these help our students to develop their fine motor skills and allow them to express creativity!

## GivingTuesday

### In case you missed it...

This GivingTuesday, Play & Learn will inspire generosity by creating GivingTrees at each of our centers. Creating and growing these trees in our centers is an opportunity for our school communities to learn about and participate in the season of giving. Centers will host clothing, food, and other drives to give back to the world around them. As we give to our communities, our trees will grow!

**Play & Learn** GIVING TUESDAY

Grow our giving tree.

Stay tuned in on our social channels to learn more and see how we can make a difference together!

## Upcoming Events & Important Dates

**Tuesday, November 7th:** Election Day

**Thursday, November 23rd:** CLOSED for holiday

**Tuesday, November 28th:** GivingTuesday
