Learn how to video chat with your computer or smartphone. This class is designed for technology users who are comfortable using the internet, smartphones, and computers. You'll learn how to sign on to a video call, how to clearly see and hear yourself and others on a video call, how to mute yourself and turn off your camera, and how to comment and chat. You'll learn about the different types of video chat providers and which one is right for you. You'll also learn tips on how to look and sound better while video chatting. Moderate tech experience expected.
