Learn the basic features of Facebook and how to use them. This class is designed for basic technology users who are comfortable using the internet, smartphones, and computers and are ready to get more out of their Facebook account. You'll learn more about Facebook profiles, posting, liking, commenting, and sharing. You'll also learn how to improve your safety and protect your privacy while using Facebook. Have a smartphone, tablet, or laptop you already use for Facebook? Bring your device and Facebook login info with you for hands-on practice. Basic tech experience expected.
